

Congratulate Angi Blessinger

Our first GARDENER Award Winner!

Angi was awarded with a great surprise on the rainy afternoon of Wednesday, May 14! She had been nominated for and won Memorial Hospital's first GARDENER Award!

Angi is the Activities Coordinator for the Skilled Caring Center. There were two heart-warming nomination forms turned in for Angi. Both of Angi's nominators explain her willingness to go above and beyond for all patients as well as co-workers. She often covers multiple departments and multiple positions all while maintaining a smile. One of her nominators stated that "...staff lean on her every time they work, and they know she will do whatever she can to make the situation easier!" Angi is described as a "blessing."

As a GARDENER Award winner, Angi was gifted with a GARDENER pin, certificate, stepping stone, and cinnamon rolls for the whole department. Thank you, Angi, for your dedication to all patients, employees, and Memorial Hospital and Health Care Center!

We also would like to congratulate all the other nominees for the GARDENER Award: Mindy Bueltel (Rehabilitation), Shawna Farina (Critical Care Services/Remote Monitoring), Tina Rahman (Skilled Caring Center), Tina Roos (Critical Care Services), and Martha Volz (Memorial Home Care).

From left to right: Kyle Bennett, Executive Vice President and COO, Cheryl Welp, Executive Director of Post-Acute Services/Administrator of Skilled Caring Center, Angi Blessinger, Activities Coordinator, and Tonya Heim, Vice President Patient Services and CNO
